

This technical drawing is a cross-sectional view of a mechanical assembly, likely a pump or a valve actuator. The assembly is shown in a side view with a dashed centerline indicating symmetry. The main components are labeled with numbers 1 through 21. The assembly includes a central shaft (1) with a large gear (2) and a smaller gear (7) mounted on it. The shaft is supported by bearings (8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21). The housing (3) is shown in cross-section, with various internal components like a piston (4) and a connecting rod (5) visible. The drawing uses standard engineering conventions for cross-sections, with hatching indicating different materials or sections.
